

Guangzhou LEVA Packaging Equipment Co.,Ltd.

Viscous Liquid Filling Machine

LPE-VLF06

Technical Parameter :

1. Filling nozzle :6pcs(can be customized according to your needs)
2. Filling capacity:100-1000ml adjustable (can be customized according to your needs)
3. Filling form:piston type filling
4. Theoretical filling speed:20-35cans/min
5. Filling accuracy:1%
6. Conveyor speed:5-15m/min
7. Conveyor width:82mm
8. Conveyor:3 meters race steel chain
9. Height from floor to conveyor :850-900mm
- 10.Power:1500W
- 11.Power supply:220V 50/60Hz
- 12.Program control : Imported PLC with touch screen man-machine interface
- 13.Air source :0.5-0.8Mpa
